1. Undergraduate students must be enrolled for a minimum of 6 credits, international students must be enrolled for a minimum of 12 credits, and graduate students must be enrolled for a minimum of 5 credits of study per semester (summer semesters have different enrollment requirements). A student falling below these posted minimums will be terminated at that point in the semester.

2. U.S. students cannot work more than 26 hours per week, and international students may not work more than 20 hours per week. (Summer term the allowance is increased to 40 hours.) Students may not work more than 8 hours in one day. Students are prohibited from working during their scheduled class time.

3. Student employees:
   A. Are expected to report to work on time and alert their supervisor that they are reporting for work.
   B. Should request permission in advance to be absent from work if special circumstances arise.
   C. Should notify their supervisor within 15 minutes after the start of the workday if they will be absent.
   D. Should keep an accurate record of their hours worked on the time sheet. Time sheets must be submitted to the Financial Aid Office no later than 12:00 pm every Friday. Submission of time sheets is the responsibility of the student, not the supervisor.

   After time sheets are turned in on the last day of the two-week pay period, an additional week is needed for payroll to be completed and a check issued. Paychecks are issued bi-weekly on Friday afternoon and may be picked up from the Administration Office located on the seventh floor, southwest side of the building. Students are encouraged to sign up for direct deposit. Unclaimed checks will be held for a two-week period before being mailed.

4. Work rules minimize the chance that any employee, through misunderstanding, may become subject to disciplinary action. All student employees should understand that certain rules, such as insubordination, may result in immediate discharge, and repeated violations of even a minor rule may result in discharge. This list is not intended to be inclusive, but rather serves as a general guideline of unacceptable behavior.
